

FOR IMMEDIATE RELEASE

mLINQS And Move Management Form Government Employee Relocation Management Partnership

FAIRFAX, VA – (August 30, 2011) – mLINQS, LLC today announced the company has entered into a partnership with Move Management, Inc., which is headquartered in Denver, Colorado. Under terms of the agreement, Move Management will provide moveLINQ, the relocation expense management system developed by mLINQS, to its federal customers as part of its in-house relocation management services. Move Management will also be designated as an authorized moveLINQ reseller for all federal agencies.

According to Greg McIntyre, president, mLINQS, “Our strategy is to form partnerships with the most respected names in the moving industry. This positions us to offer all government agencies the opportunity to cost-effectively implement a comprehensive relocation expense management system. By partnering with Move Management, we take another important step toward achieving this goal, and add a valuable component to our moveLINQ sales and marketing team.”

moveLINQ is designed to manage all of the expenses associated with federal employee relocation. mLINQS is the only company to successfully develop a fully compliant, Web-based government relocation expense management system. The award-winning system is currently used to support relocation for employees of more than 30 federal agencies.

“Move Management is recognized for providing the highest quality services for relocating government employees using the CHAMP program,” said Tim Lehnerz, vice president, Move Management, Inc. “This partnership with mLINQS enables Move Management to offer the most advanced relocation expense management tools to our current and future federal customers.”

With its URL certified with the TRUSTe seal of approval, Move Management employs a proprietary technology that provides its clients with accurate business intelligence and results about every supplier’s performance in real-time. Clients can access details through a secure portal or from the relocation industry’s first app, the Move Management app. Move Management employs results to determine which supplier will be assigned each client’s next move service order, because the Company administrators service in an unbiased fashion versus the industry norm of next-up in rotation. Move Management, Inc. is a division of the Graebel Companies, Inc., the largest U.S. privately owned, and only fully-integrated relocation corporation.
