Padraig I. J. Burns Joins mLINQS As Business Development Executive

FAIRFAX, VA – (March 3, 2008) – mLINQS™, LLC, the Service-Disabled Veteran-Owned Small Business (SDVOSB) Management Consulting contractor to the federal government, announced that Padraig “Pat” Burns has joined the company as its Business Development Executive. In this role, Burns will manage the growth of the services business within the federal government. This newly created position reflects the company’s commitment to continued growth in providing Management and IT consulting services to agencies throughout the federal government.

“Pat’s experience in and knowledge of federal business development, combined with his go-getter attitude, will help mLINQS expand our current footprint and secure new customers,” said Greg McIntyre, President, mLINQS.

Burns joined mLINQS from IntelliDyne where he was Vice President, Business Development. His primary portfolio was growing business within the Department of Homeland Security (DHS) community through its joint venture Aerient, LLC, and its DHS EAGLE FC2 Tier 1 award. During his tenure at IntelliDyne, DHS revenue increased exponentially. Previously, he worked with a number of start-up firms and with ManTech Solutions Corporation.

Pat Burns graduated from Holy Cross College, Worcester, Massachusetts, where he earned a Bachelor of Arts degree in Political Science.

Information about all mLINQS government products and services is available by visiting www.mlinqs.net or by calling 703-425-1122.
